

will soon declare a "quarterly" dividend. On this last report the price of that stock advanced to 91, but its final figures were 90 1/2.

Government bonds were more active, the dealings at the boards amounting to \$302,890. A. H. Clark's call prices were steady to firm, but later were depressed, so that the final bids for the 6 and 5 per cents were reduced each 1/4 cent, and for the 4 1/2 and 3 1/2 cents each 1/2 cent. Annexed are the closing quotations:
